Year 4

Summer

## Message from the class teachers:

Welcome to the summer term! We are excited to be continuing with our 'Invaders' topic this half term by moving on to the Anglo-Saxons and Vikings. The children have been so excited and really involved in this topic which has been fantastic. We are looking forward to building on these experiences. We will also be preparing the children for their transition into year 5.

### An overview of learning this half term

- Maths: Statistics and Data
